

CAREONE AT MORRIS

PARSIPPANY, NEW JERSEY

- OWNER:
CareOne Management
Fort Lee, NJ
- ARCHITECT:
Pomarico Design Studio
Beacon, NY
- SERVICES:
Preconstruction
General Construction

Sweetwater worked with the CareOne Management to construct three 2-story additions to this assisted living facility. The 21,000 square-foot project added resident rooms and included renovations to existing adjacent areas. A major component of this phased construction will be the coordination of the work and attention to noise, infection control and safety measures for residents and staff.

Sweetwater recently completed renovations at the Moorestown CareOne facility, upgrading patient rooms, kitchen and PT area.
