Fulton Bank of New Jersey
Mt. Laurel, NJ
- ARCHITECT/ ENGINEER:
M3 Architectural LLC
Cherry Hill, NJ
- SERVICES:
General Contracting

Sweetwater completed this 4,400 square-foot, one-story building conversion to a new bank branch. Interior scope consisted of select demolition, creation of a manager's office and conference room, partition installation, new millwork, and refresh of finishes and new signage. A new drive-up ATM was installed. The exterior upgrades included replacement of drive-thru canopy ceiling and lighting, upgrade of the overhead teller tube system, alteration of drive-thru curbing and general repairs.

Sweetwater also completed an exterior restoration to the Robbinsville branch that included pillar restorations.
