Sweetwater completed this headquarters relocation of NJ Sharing Network, a non-profit organization for the procurement of organs. Its services include matching organ and tissue donors and recipients, support for donors, and public education.

The 47,000 square-foot tenant buildout included a 5,000 square-foot, fully-accredited transplant testing laboratory, reception and waiting areas, interview rooms, locker rooms and showers, lunchroom, offices, mailroom, and call center.
