- OWNER:

Saint Clare's Health System  
(Catholic Health Initiatives)

- ARCHITECT/ ENGINEER:

Design Ideas Group  
New Brunswick, NJ

- SERVICES:

General Contracting

Sweetwater completed renovations (mostly finishes) to the Day Room inside this continuing care retirement community. The architectural center fireplace was restored and the surrounding offices and amenity rooms were re-faced. Included in the project were the private dining/meeting room, lower and upper lobby, and corridors.

Sweetwater is currently working as an in-house contractor to self-perform carpentry work throughout the Saint Clare's Hospital's locations.
