Sweetwater has completed construction management services for this new animal hospital. The 10,500 square-foot building, on 3 acres, is a state-of-the-art facility with 2 surgery suites and 10 exams rooms. The space includes an expansive reception area, PT/training room, food prep and laundry areas, dog and cat ward, doctors' station, pharmacy & lab, x-ray room, dental area and utility rooms.

Winner of the 2011 Veterinary Economics Merit Award for Hospital Design.

“As this project draws to a close, I just wanted to thank you for the excellent workmanship and professionalism displayed by everyone who worked on this project. Once again, my many thanks for a job well done, and on time.”
